<b>DESCRIPTION:</b>	
<p>Community Crime Map connects law enforcement with the community to reduce crime and improve public safety. Crime mapping helps the public get a better idea of the crime activity in their area so they can make more informed decisions about how to stay safe. The Arlington Police Department will soon have access to powerful analytical tools to better understand when activity happens, and when to deploy resources.</p>	
<b>HISTORY:</b>	
<p>The Community Crime Map is offered through the City of Arlington's contract with SNOPAC. The public side of Community Crime Mapping is up and running. There will be some very useful features within the backend of the program that will include powerful analytical tools for law enforcement use.</p> <p><a href="http://www.communitycrimemap.com/">http://www.communitycrimemap.com/</a></p>
