DESCRIPTION:	
<p>Two resolutions to set the EMS tax levy for 2017 will be presented to Council for approval on November 21, 2016. Each resolution will need to be approved separately. The first resolution is to increase the 2017 EMS tax levy which must state the amount of the increase in terms of dollar amount and percentage. The resolution reflects an increase of 1% from the prior year levy which is \$9,410.76. The second resolution will authorize an increase in tax levy capacity and increase the limit factor to 101% of the previous year's levy. This resolution also establishes "substantial need" and is required because local governments with a population of 10,000 or more are limited to increase property taxes by the lesser of 1% or the Implicit Price Deflator (<i>the IPD is used to measure inflation on personal consumption expenditures</i>). The IPD is .953%. If the IPD falls below 1%, a substantial need resolution must be adopted to levy the 1% increase.</p>	
HISTORY:	
<p>Presentations to review initial budget assumptions, including the proposed EMS tax levy, were held on the following dates; August 22, 2016, September 12, 2016, September 19, 2016. A budget retreat was held on October 1, 2016 with a follow up discussion held on October 10, 2016. October 24, 2016 the preliminary budget was reviewed with council, which included the proposed EMS tax levy. A public hearing was held on November 21, 2016.</p>
