This message came from outside the City of Arlington

Hello Amy,

I'm reaching out to you regarding the proposed business plan for a Hot Dip Galvanizing plant at 18520 67th Ave, right across from a large community of 1200 homes where I live "Gleneagle"

PLEASE do not allow this business at this location as there is already a Galvanizing facility at 6010 199th St NE in Arlington.

If this application submitted is for a different Galvanizing company PLEASE don't allow it to be near any community where toxic fumes that contribute to long-term health issues and cancer will occur.

I strongly oppose this site being approved for the "Hot dip Galvanization.

Thank you for your care of our community
Karri Norberg
