Dear Miss Rusko,

I hope you're doing well. This message is to inform you that my wife and I who are senior citizens of this community are deeply concerned about this proposal of a potentially harmful and dangerous plant near Glen Eagle community. We love the natural environment that Glen Eagle has to offer along with the nice clean fresh air. Please do consider all the families, kids and animals in this natural and beautiful community. We hope you receive this message well and do not approve of this dangerous plant, thank you.

Sincerely,

Henry Cho, resident of Glen Eagle
