Good Morning Ms. Russo

I would like to express my concerns about the proposal for the hot dip galvanizing process plant at 18520 67th ave across from the entrance to Gen Eagle. Where I live with my dad.

I am very concerned about the impact the fumes will have on my elderly dad and my grandchildren as well as myself short and long term - I highly object to the city going forward with this. It will not only affect our family neighborhood but all the surrounding family neighborhoods as well.

Thank you for your time

CarlieAnn Raff
