Hello Ms. Amy Rusko,

I am emailing you with concerns of the hot dip galvanizing process plant proposal near the entrance of Gleneagle, a very family-friendly, well sought-after neighborhood in Arlington. We are concerned for the health and safety of our families if this is to be approved and I do not want to raise my family where I have to worry about the air we breathe around us. Please consider declining this proposal due to the close proximity of our homes. Thank you for your time and consideration.

Katelynne Perry
