Dear Amy, we (Ken and Cherese Sutton) are homeowner residence of Glen Eagle golf course community in Arlington WA. 7711 Inverness Dr. Arlington WA 98223. We wish to make our concerns known regarding the proposal for a Hot dip galvanization plant at 18520 67th Ave. which is located at the entrance of Glen Eagle.

The proximity of the proposed plant is of grievous concern in consideration of the health risks that are a very real threat to our environment and the residence. Please stop this proposal and continue to help us keep Arlington a clean and safe community for our residents.

Sincerely,
Ken and Cherese Sutton
