Hello,

We are residents of GlenEagle, living on Woodbine Dr. and are very concerned about the location of the proposed plant at 18520 67th Ave.

We are concerned with the environmental impact on our health and the health of our neighbors. Please do not expose us to this. It also may decrease property values as buyers may not want to buy next to a toxic fume producing plant. I've already fought cancer once. Please don't send toxic carcinogens into our neighborhood atmosphere.

Concerned,
Teresa and Cory Suit
