

TWENTY YEAR HORIZON TRANSPORTATION PLAN

YEARS 2029-2041

PROGRAM NARRATIVE

YEAR 7-20 TIP MOTORIZED PROJECTS

ITEM #1 Freeway On/Off Ramp at 188th St NE

Create on/off ramp at 188th St NE to facilitate access to the Smokey Point Blvd corridor; create alternative routes in and out of the city for traffic flow and safety.

ITEM #2 Radius Improvements 172nd St NE and 91st Ave NE

Increase radius, improve site distance, reduce speeds, adjust grade of cross section. Connect sidewalks. **Developer driven project.**

ITEM# 3 Airport Blvd/188th St NE Intersection Improvement

Install a roundabout at the Airport Blvd/188th St NE intersection

ITEM #4 Smokey Point Blvd North

Improve SPB to a 3-lane section from 200th to SR530.

ITEM #5 91st Ave NE Improvements (172nd St south to city limits)

Improve 91st Ave NE to a 3-lane road section. **Developer driven and funded project.**

ITEM #6 59th Ave NE Improvements

Improve 59th Ave NE to a 3-lane road section with sidewalk and on street parallel parking on the east and an improved trail section on the west. **Partially developer driven and funded project.** West side will be city project, east side shall be developer driven and funded.

ITEM #7 188th St NE Improvements from 59th Ave NE to 67th Ave NE

Improve 188th St NE to a 3-lane road section with sidewalk on the south and a trail section on the north.

ITEM #8 Tveit Rd Improvements from Stillaguamish Ave to City Limits

Improve Tveit Road to a 3-lane section with sidewalk on the south side and a mixed-use trail on the north side.

ITEM #9 63rd Ave NE Improvements from 188th St NE to 197th St NE

Improve 63rd Ave NE as a three-lane roadway with 12-foot wide multiuse trail. Realign intersection at 188th to the east, add trail at east side of road.

ITEM #10 Hazel St Improvements

Improve Hazel St to a 3 lane urban section with sidewalks and mixed use trail from connection to 74th Ave to intersection improvements at HWY 9.

TWENTY YEAR HORIZON TRANSPORTATION PLAN

YEARS 2029-2041

PROGRAM NARRATIVE

YEAR 7-20 TIP MOTORIZED PROJECTS (cont'd)

ITEM #11 172nd To 169th eastbound connector

Provide passenger vehicle bypass from 172nd through the Lowes Commercial area to 169th. City would need to obtain right of way and improve segment through the commercial shopping center.

ITEM #12 173rd to 172nd westbound connector

Provide passenger vehicle bypass from 173rd along Smokey Point Drive to 172nd. City would need to obtain right of way and improve segment of existing private drive.

ITEM #13 Extend Arlington Valley Road from 191st St NE to 188th Ave NE - Intersection Improvements 67th Ave NE and 188th St NE

Construct a three-lane road section with mixed-use trail. Wetland delineation to be determined in feasibility stage. Project moves majority of traffic entering/exiting 67th Ave to a controlled intersection (67th/188th Intersection Improvement Project)

ITEM #14 188th St NE Tunnel Extension through Airport Property

Construct a tunnel and two-lane road with shoulders and mixed use trail. Tunnel should be wide enough to expand to a 4-lane roadway in the future with a mixed-use trail on once side. Provides cross-city connectivity, improves traffic access, and improves fire department and public safety response times. Safety, traffic relief, supports development, improves non-motorized connectivity.

ITEM #15 183rd St NE Extension from Smokey Point Blvd to Airport Blvd

Construct a three-lane road section from Smokey Point Blvd to Airport Blvd with sidewalks and multi-use trail to accommodate growth along Smokey Point Blvd. Connect at Airport Blvd with roundabout. Safety, traffic relief, supports development, improves non-motorized connectivity. **Developer driven and partially funded project.**

ITEM #16 211TH Pl Extension to 59th Ave NE (Project #Dev-1)

Install a three-lane urban connector road and sidewalks between 211th Place and 59th Ave NE and install a multiuse trail in critical area buffer. See State roundabout project SR-530 / 59th Ave NE. **Developer driven and partially funded project.**

ITEM #17 74th Ave Extension Portage Creek to Hazel St

Extend 74th Ave as a 3 lane urban section from Portage Creek, including the bridge expansion, to Hazel St to connect the Hazel Street neighborhood to 204th. **Developer driven and funded project.**

TWENTY YEAR HORIZON TRANSPORTATION PLAN

YEARS 2029-2041

PROGRAM NARRATIVE

YEAR 7-20 TIP MOTORIZED PROJECTS (cont'd)

ITEM #18 180th St NE Extension from BSNF Railway to 67th Ave NE

Extend 180th St NE from current end near BNSF railway to 67th Ave NE including new crossing over the railroad tracks.

ITEM #19 81st Ave extension Highland Ave to Portage Street

Create a 3-lane road section with sidewalks on both sides to connect highland drive to the Portage Street

ITEM #20 31st Ave extension to Smokey Point Dr

Create a 3-lane road section to provide alternative parallel route to Smokey Point Blvd and access to 172nd.

YEAR 7 – 20 TIP NON-MOTORIZED PROJECTS

ITEM #21 Frontage Trail – 211th to Portage Creek Wildlife Refuge

Trail would connect Centennial Trail to the Portage Creek Wildlife Refuge. Segment within the City Limits would be in conjunction with the 211th realignment project. Final segment would be within Snohomish County. **Developer driven and partially funded project.**

ITEM #22 Gleneagle Trail – Centennial Trail to Arlington High School

Trail would connect Centennial Trail to Arlington High School through Gleneagle on existing right of way. Look at feasibility of creating a bike/golf cart path. Would impact existing on street parking.

ITEM #23 Portage Creek Trail crossing at SR-9

Trail crossing under the SR-9 in conjunction with a fish blockage removal project. High Intensity Activated Crosswalk Systems (HAWK crosswalk) potentially. Connects two segments of the Portage Creek Trail.

ITEM # 24 63rd Ave NE Trail - Gap Project to connect 197th St NE to Cemetery Road

Extend 12-foot wide multiuse trail behind the cemetery to Cemetery Road. This project proposes to create a trail at the west edge of the cemetery property to connect the trail on 63rd to Cemetery road.

TWENTY YEAR HORIZON TRANSPORTATION PLAN

YEARS 2029-2041

PROGRAM NARRATIVE

YEAR 7 – 20 TIP NON-MOTORIZED PROJECTS (cont'd)

ITEM #25 Multi Use Trail from Portage Creek Trail to Hazel (SR-9)

Multi use Trail along SR-9 (west side) to Hazel, then along Hazel (east side) to Highland intersection

ITEM #26 Multi Use Trail from 204th to Crown Ridge Blvd (SR-9)

Multi use Trail along SR-9 (east side) to Crown Ridge Blvd, trail vertically separated from SR-9 traffic. To improve safe routes to schools, non-motorized access to Arlington High School.

ITEM #27 E. Gilman Loop Trail – E. Gilman Ave to 88th Dr NE

Trail connecting Country Charm Park to 88th Dr. NE from E. Gilman Ave along base of hill behind Post Middle School. Multiuse trail improvements to 88th Dr NE and 87th Ave NE (part in Snohomish County)

ITEM #28 Bluff Trail – 188th St to Smokey Point Blvd

Trail (12-foot wide) connecting 188th St to Smokey Point Blvd along the bluff with a view of the valley.

ITEM #29 Burke Trail – Centennial Trail to Eagle Trail

Connect the Eagle Trail to the Centennial Trail through Haller Park.

ITEM #30 Country Charm Park Trail and Connection to Twin Rivers Park

Connect Country Charm Park to Twin Rivers Park. Requires a bridge. Construct a walking trail loop within Country Charm Park.
